May 15, 1970

Dear Students,

As this 1969-1970 school year comes to a close, you will realize that another "chapter" has been written in your book of life. Speaking for myself and your faculty, our hope is that you enjoyed this school year . . . the classrooms, the organizations, and the many activities that were planned for you.

To help you remember this "chapter", a yearbook staff has collected and compiled numerous collections of pictures and identification, which are preserved for you in this yearbook. We would like to take this opportunity to extend our CONGRATULATIONS and THANKS to the yearbook staff members: Mark Aylard, Peggy Baird, Beth Blake, Cindy Chester, Teresa Fisher, Linda Komjati, Marie Kubal, Terry Leu, Brian Overcash, Debbie Wingfield, and Mrs. Hicks, advisor, for this outstanding book of memories. It will be cherished by the owners for many, many years.

We would like to extend our THANKS, also, to Mr. Morrison for many of the pictures and to Paul Wilder for designing the cover.

Best wishes for a pleasant and restful summer.

Sincerely,

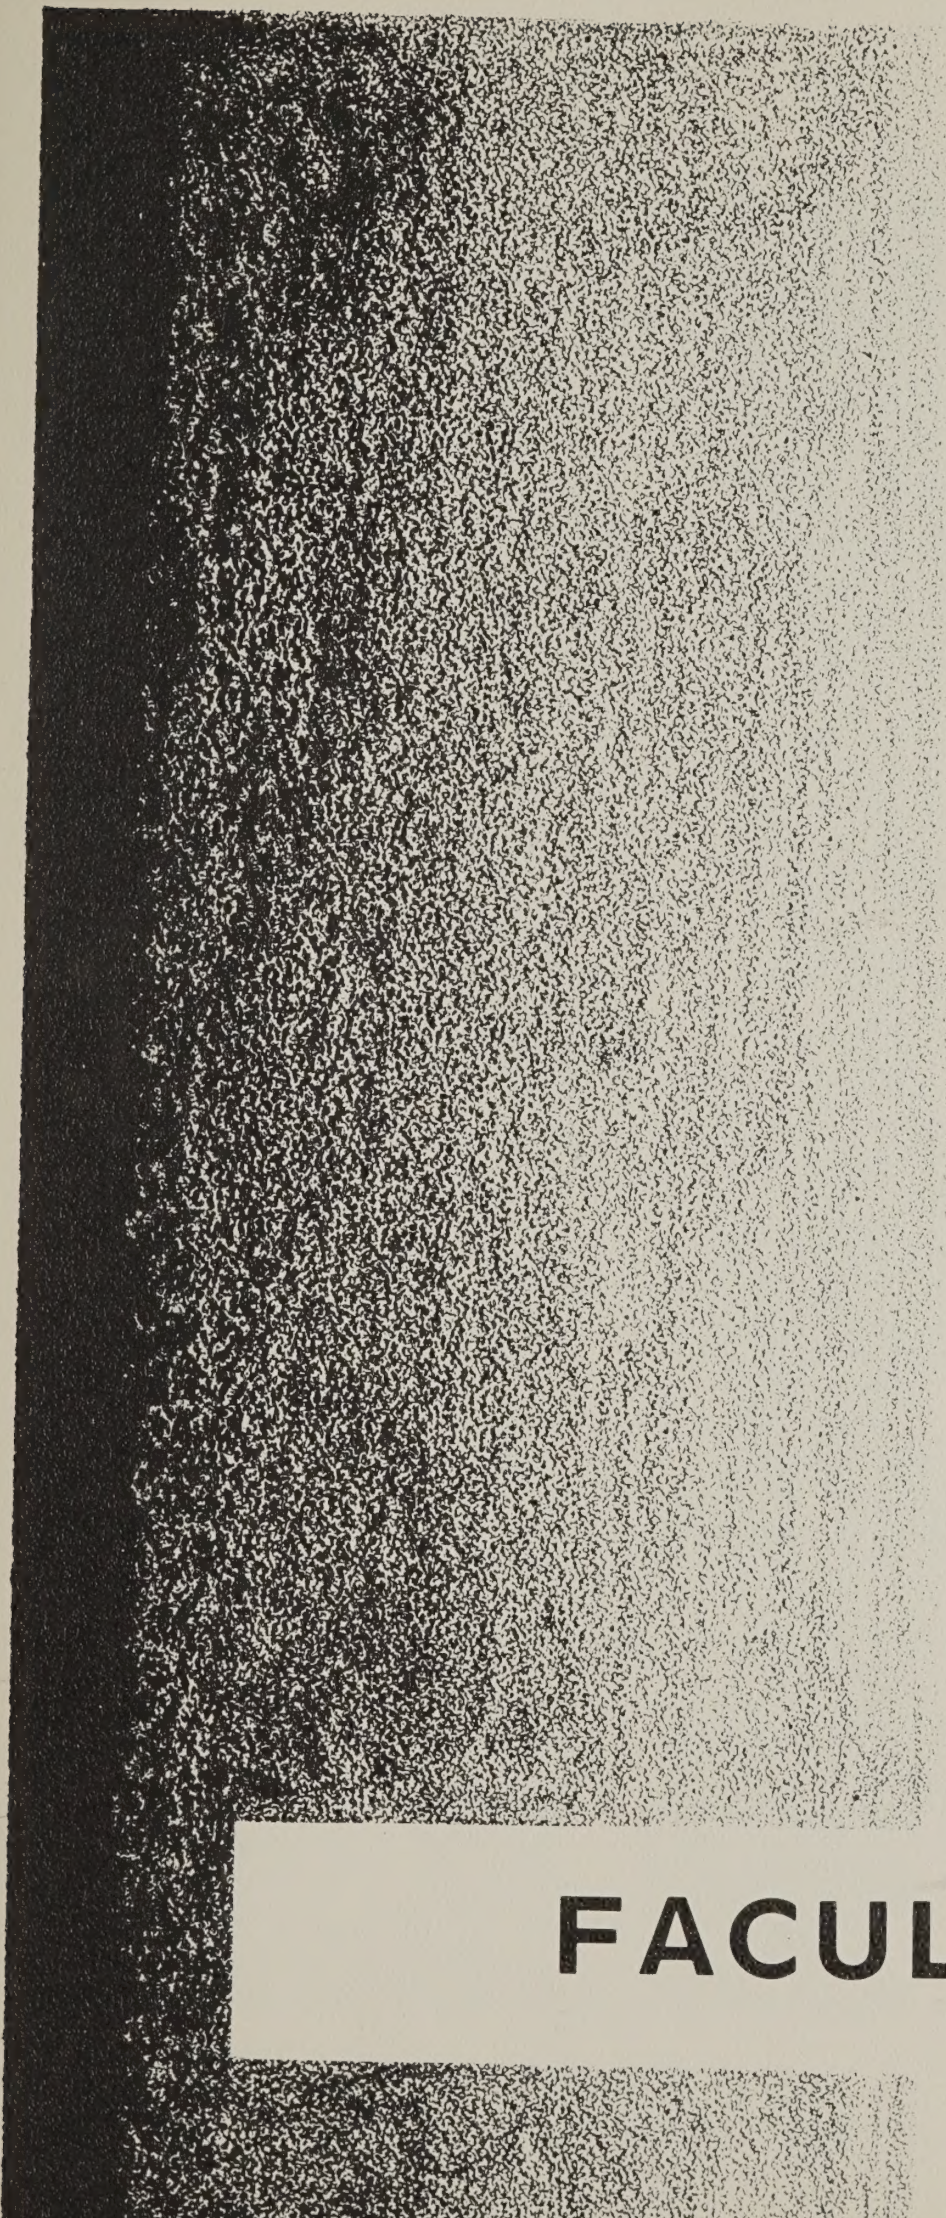

Mrs. Nancy Sweet  
School Secretary

Miss Charlotte Stuart

The National Junior Honor Society is made up of those students who qualify in the areas of character, scholarship, leadership, service, and citizenship. This year, the group sponsored a winter dance and a Valentine Post Office, and they conducted an induction ceremony for new members on March 13, 1970. Mr. Cummins of the English department is the advisor.

The Student Council consists of one representative and one alternate from each seventh and eighth grade homeroom. The officers are elected from candidates campaigning at the beginning of the school year. The Student Council unifies the activities of our school, assists the faculty, and tries to maintain our school's record of high citizenship. Mrs. Walker of the science department is the advisor of the Student Council.

Our Medina Junior High Student Council is quite an active group and one deserving of praise.

The council held two meetings every grading period and had found themselves quite busy throughout this year reviewing the school dress code and the many suggestions from the student body designed to better our school.

The United Fund campaign was conducted by the Student Council. Collections, led by representatives, were conducted in homerooms, original posters urging support were displayed throughout the school and entertaining skits urging donations were performed during the lunch periods.

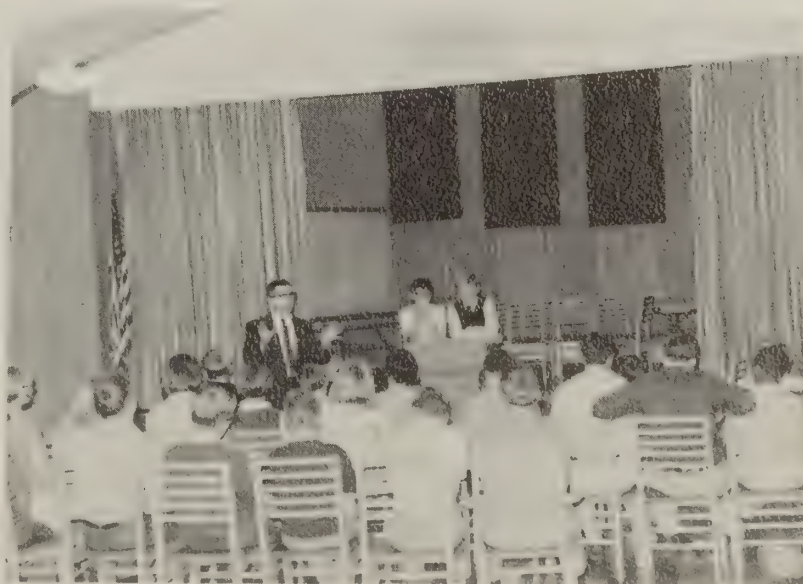

The November candy sale was very successful and prizes were awarded to the top salesmen.

Once again, we can thank the Student Council for the Christmas tree in the main lobby and the door decoration contest. The winning homeroom, the seventh graders in room 302, were treated to an evening pizza party.

When the prospective seventh graders visited us from the sixth grade classes, the guides were representatives from our Student Council.

On April 3, 1970, the Student Council sponsored the annual dance and the students enjoyed themselves, once again.

Finally, we must not overlook the "new" Student Council store...entirely redecorated this year and open every lunch period.

Seventh and eighth graders who have reached a certain proficiency level on their instruments join together in our orchestra, which includes only string instruments. No winds or percussion instruments are involved. The music played is written for or arranged for string orchestra, generally of a concert or classical variety. Anyone who wishes to join and does not already play a string instrument can join the beginners orchestra in which lessons are given on string instruments. When a member of the beginning orchestra plays well enough, he moves on to the regular orchestra.

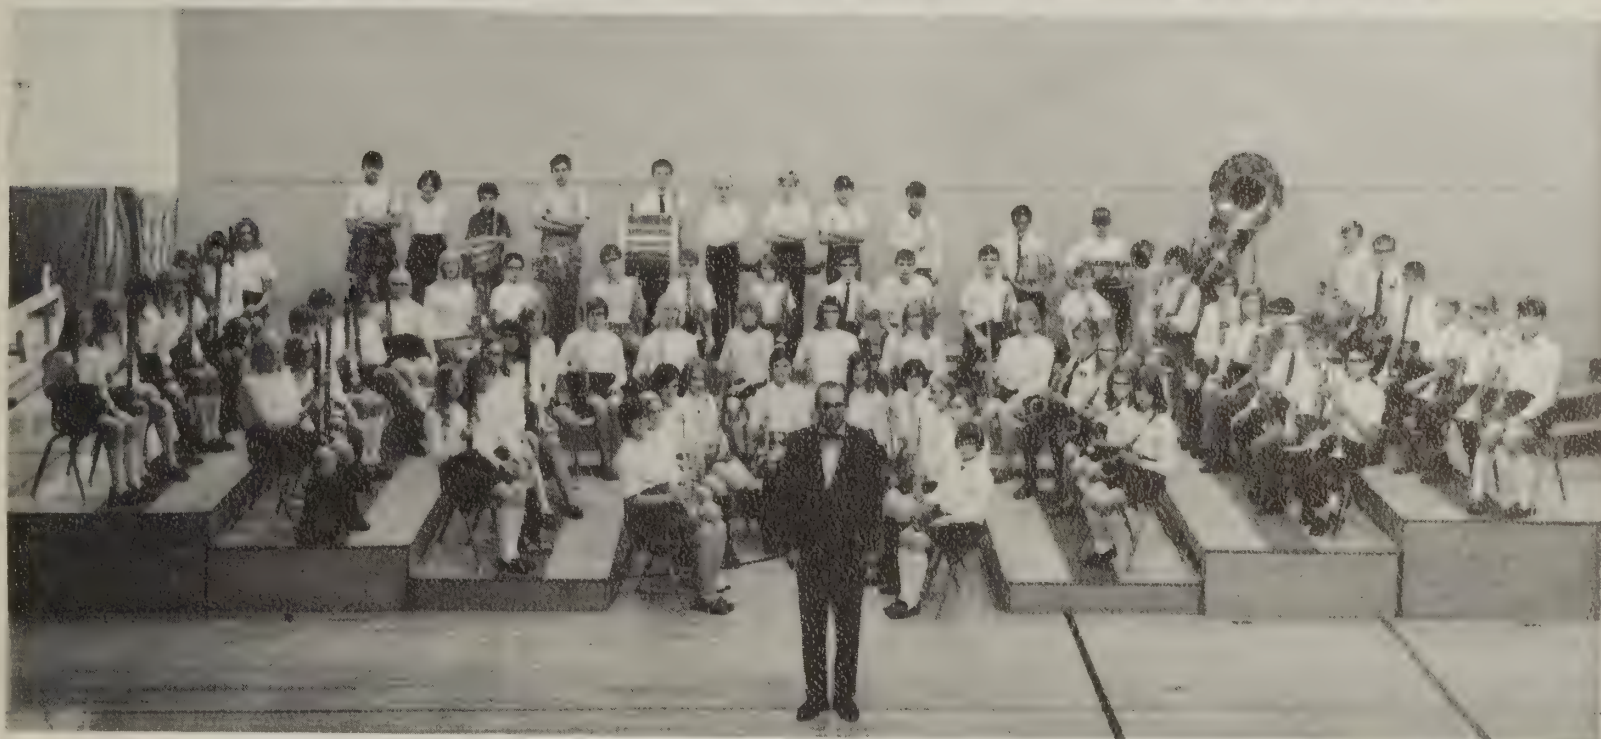

This year the orchestra played in the Christmas assembly and concerts in January, March, and April. The orchestra members attended a string clinic at Kent State University in January, 1969.

# EIGHTH GRADE BAND

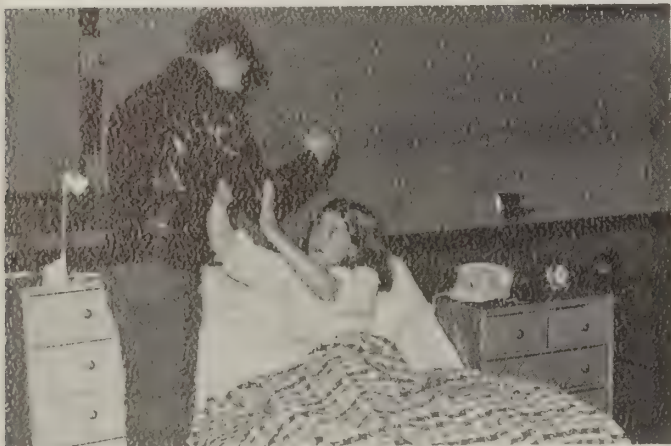

# SEVENTH GRADE BAND

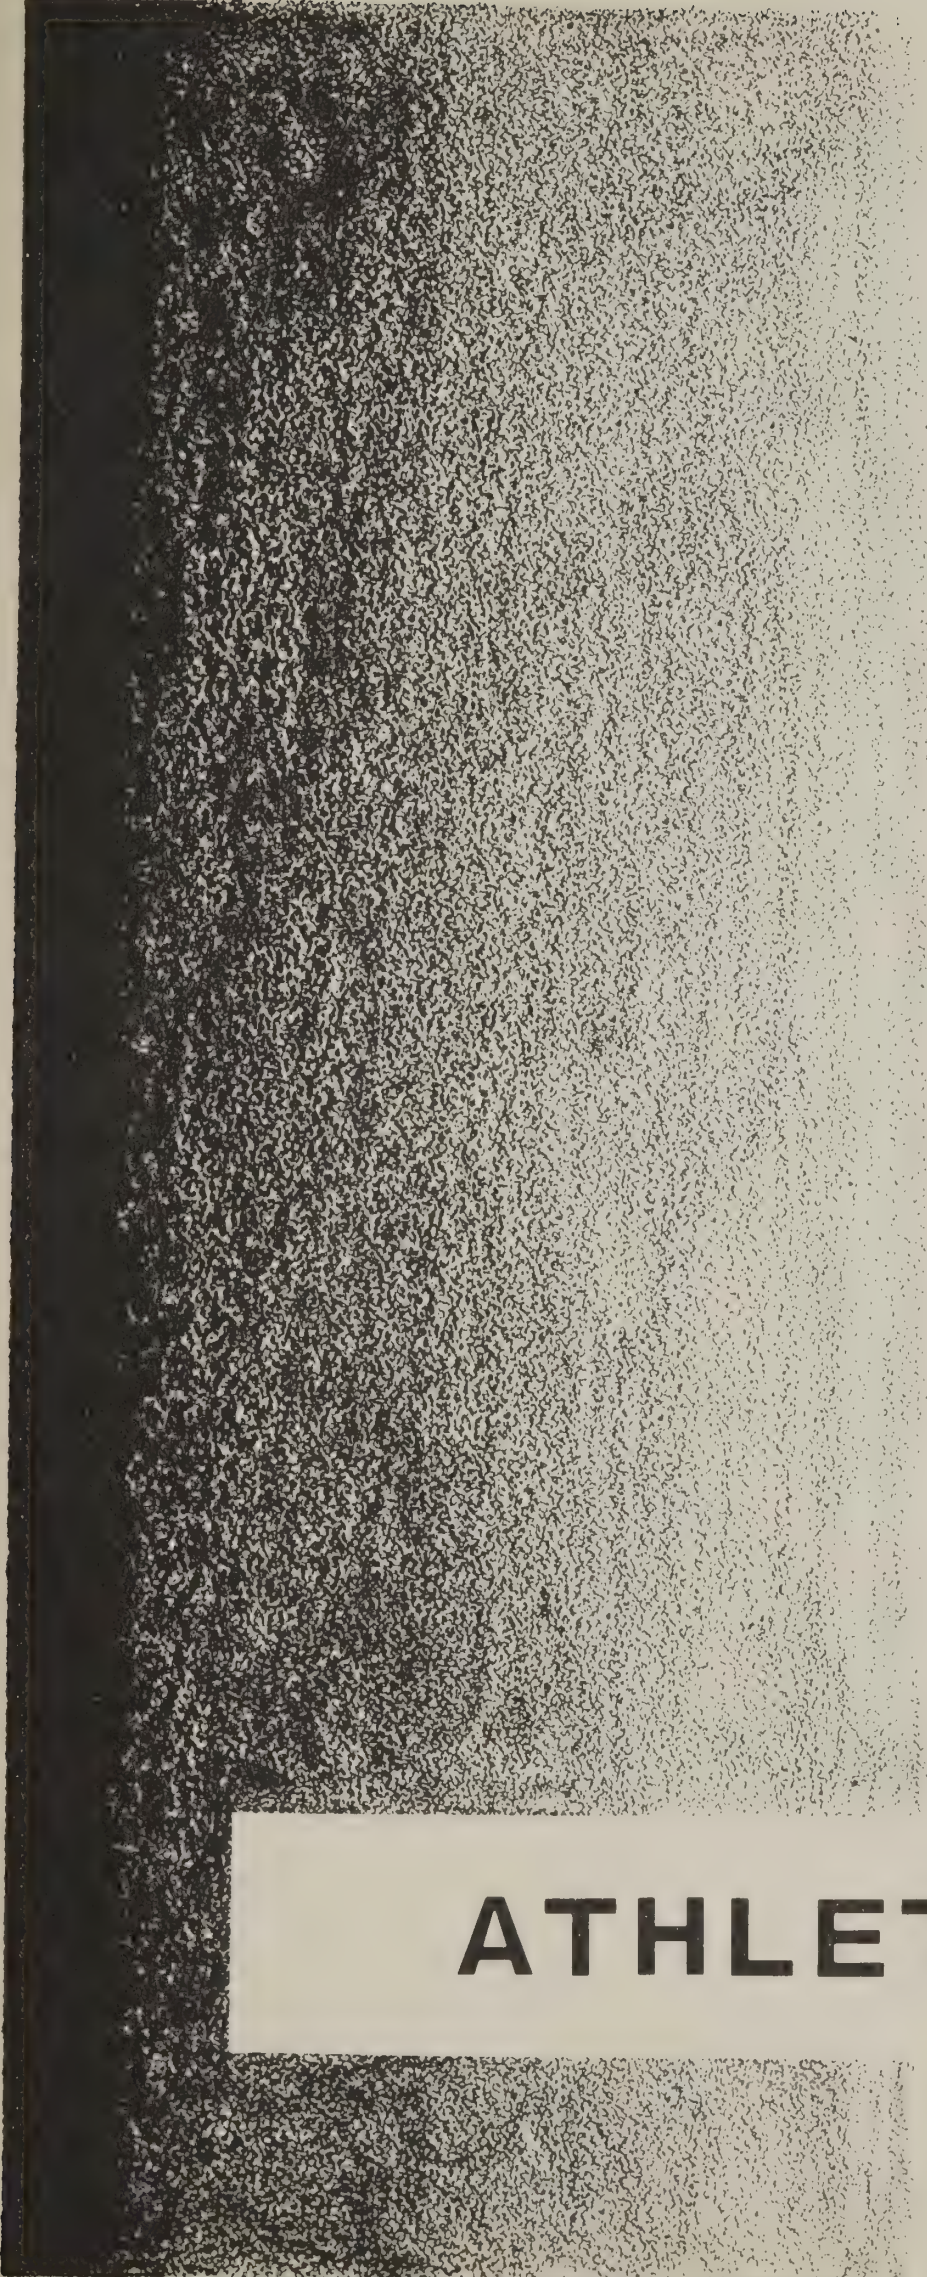

The seventh and eighth grade bands rehearse every other day. Membership is open to anyone who has progressed sufficiently on a band instrument to play the band music.

The bands appear in two concerts with the junior high orchestra and choirs, in a band festival in May with the activity and high school bands, and they march in the Memorial Day Parade. In addition, the eighth grade band participate in the Christmas assembly.
